

# INTERNATIONAL CALENDAR

The third activity was an art workshop named 'Intercultural World' that lasted four weeks. We think that art is the way children learn to accept their schoolmate, no matter what their skin colour, religion, ethnic or social group, etc., they belong to.

The workshop was held during the hours of counseling and guidance. Topics such as tolerance, love, friendship, acceptance were treated by our children. Teachers from the Birds project collaborated with our Art's teacher in this activity.

Here are some of the pictures that we took during our 'Intercultural world' workshop. At the end of the workshop we organized an exhibition where the best two paintings were chosen to make part of the Intercultural Calendar.
